President's Message

It is said of one of the great characters of history that "he went out not knowing whither he went." For this act of courage and faith Abraham was later called the "Father of the Faithful."

Today the action of Abraham is repeated on a miniature scale by hundreds of youth who enter La Sierra College. They are here upon a great adventure in faith. To many of them the objectives seem distant and difficult of attainment. Attending college, they find, is a real experience in living by faith.

However, not only the students but also the faculty and the staff of the College are engaged in an enterprise of faith. For the entire program of Christian education is a great experiment based on faith—faith on the part of the faculty and staff, the students, and the College constituency.

Now there is something exhilarating about faith. It is not blind; rather it sees the objectives afar off. Therefore, we may all with complete assurance be dedicated to our task, knowing that the ends are attainable. Faith will culminate in reality.

It is one purpose of this METEOR to remind us in future years of the happy days when attending La Sierra College was a robust and vital part of a life-experience in which faith was an integral factor and ended in achievement.

School days are passing rapidly, and with their passing may come the accumulation of financial pressure caused by the high cost of acquiring an education. Many students have solved their financial problems through the single-copy or subscription sale of LIFE AND HEALTH. The procedure is simple. Sell single copies in the stores, on the streets, or house to house. Subscriptions may be solicited personally or may be secured by writing to friends and relatives. Commission rates are high, and extra bonuses can be earned under certain conditions.

asphalt
**More roads
 are leading
 to DOUGLAS**

During recent years thousands of miles of modern western highways have been paved with Douglas asphalt, one of the largest manufacturers of paving and industrial asphalts on the West Coast. Many of these asphalt roads lead to new Douglas super-service stations, opened last year at the rate of one new unit per week. Today, 260 ultra-modern Douglas stations are serving California motorists who recognize the big Flying Red Heart as a symbol of value and quality in petroleum products — quality which extends into the full range of Douglas asphalt specialties such as roofing, mastics and undercoatings. These are products which are produced, refined and marketed by Douglas Oil Co., a leading independent in the growing West.

"What the church needs in these days of peril, is an army of workers who, like Paul, have educated themselves for usefulness, who have a deep experience in the things of God, and who are filled with earnestness and zeal." G. W., Page 61.

Our congratulations to the nurses, secretaries, businessmen, doctors, farmers, homemakers, ministers, and others, who make up the Senior Class of '61, for your dedication to the yet unfinished task of proclaiming the gospel to every kindred, tongue and people.

IT TAKES ONE TO MAKE ONE

an essay on the cme motto / to make man whole

The whole is the sum of its parts, you learn, and it is easy to apply this theorem to the tangibles that you know — the sections of the pie, the parts of the bicycle, the structure of the house. But what is man and when is he whole? Does physical fitness make the whole man? or learning? or doctrine? or piety? Has a man been less than whole because he lacked sense of direction . . . sense of responsibility . . . sense of fitness . . . sense of joy . . . sense of sorrow . . . sense of caring . . . sense of objectivity . . . sense of trust . . . sense of dissatisfaction . . . sense of patience . . . sense of urgency . . . sense of mercy . . . sense of implacability . . . sense of solemnity . . . sense of humor . . . sense of sureness . . . sense of humility . . . or any sixth — or sixtieth — sense? It has been said that the study of the ways of God may well occupy eternity. Man, made in the image of the Creator, bears studying too. The components that comprise his sum are delicately balanced, and he is fearfully and wonderfully made. The proportions of wholeness are not easily defined by a glib phrase. If you would enter the ministry of comfort, first you must seek to learn their measure yourself.

Are YOU *Ready?*

Are you satisfied to tackle modern jet-age problems with a horse-and-buggy preparation? Do you realize that a 1910 education is altogether inadequate for the 1960's? Did you know that a Master's degree is as common today as was a B.A. fifty years ago? Do you sense that though the ignorant may be willing, only the learned can lead?

Consider these offerings . . .

- Seminary training for ministers, missionaries, evangelists and Bible teachers.
- Master's degrees in Religion, Education, History, Mathematics, and English, for all types of educational positions.
- Inspired teaching which accords the Bible the "highest place in education."

“...and call My Sabbaths a delight.”

The La Sierra College Choir, directed by Mrs. Chalmers, lent the worship hour the beauty of holy hymn and anthem of praise.

The Meteorites

"A thing of beauty is
a joy forever . . ."

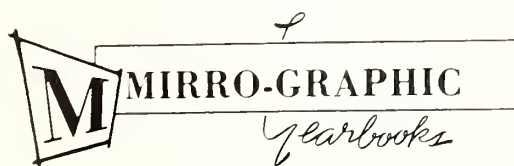

Our theme has been beauty—
the subtle, natural beauty
sometimes perceived
never captured.

To the many who aided in
the attempt to crystallize
moments of beauty
our heartfelt appreciation.

If the Meteor affords
a moment of joy to you
the realization will
be beautiful to us
forever.
